

Agropur's quality vision

We want to build a world-class culture of quality excellence, recognized and shared by all, to guarantee at all times safe and compliant dairy products to our customers and consumers, protect our reputation and ensure the sustainability of our organization.

Supplier qualification requirements

Agropur is committed to delivery products that are safe to our consumers and customers. Providing safe food is embodied in our quality vision and in our core values. As such, we require that our suppliers share our commitment towards our consumers and clients.

Our suppliers are subject to quality requirements and maintain their qualification over time which aims to ensure the safety, security and compliance of Agropur products. Our requirements are described in the Figure below:
