

RICH & flavorful

SNACK SHAKES

Experience **WILLPOWER-FREE** SlimBiome®, the **EVOLUTION** of weight management.

SlimBiome, an award-winning, patented ingredient formulation, was developed by leading universities in the weight loss field. Consumers can rely on scientific principles rather than willpower alone.

Participants of consumer studies saw a 7- to 9-pound median weight loss over the course of three weeks when SlimBiome was included in their diets.

60%

of adults are interested in food or drink products that provide digestive health benefits.*

43%

of consumers say low/no sugar is important when choosing a performance drink

Patented blend of key ingredients

KONJAC GUM

The fiber content of konjac produces a sensation of fullness in the stomach so you are less likely to overeat or snack between meals. Konjac fills extra space in the stomach, promoting the feeling of fullness in between meals.

CHROMIUM PICOLINATE

Studies have indicated that chromium is an essential trace mineral to a healthy metabolism, appetite control and healthy cholesterol levels. Chromium helps the body process carbohydrates and fats. It is used as a muscle building aid for athletes and can be found in many sports nutrition supplements.

FRUCTOOLIGOSACCHARIDES

Composed of prebiotic fibers, fructooligosaccharides (FOS) encourages the growth of healthy gut bacteria. Studies suggest FOS may regulate appetite and decrease overall calorie intake, leading to weight loss.

Feel fuller longer and reduce snacking urges

The special blend of ingredients promotes a longer feeling of fullness by gently expanding in the stomach. Gelling activity delays gastric emptying.

Eliminate sugar slump caused by sugary snacks

Low sugar, vitamins/minerals and low-calorie are top influencers for consumers when considering performance drinks. Natural ingredients will be at the top of consumers' minds for the foreseeable future.

PERFECT COMBINATION

SlimBiome and protein combine for the ultimate instant beverage snack: 15 grams of protein and 3 grams of SlimBiome per serving.

TASTE

Mixture of key ingredients produces full flavor of rich espresso and creamy vanilla ice cream with a pleasing aftertaste.

TEXTURE

Dissolves completely in water, leaving no unpleasant, grainy texture behind.
