

ISO Chill[®] 9000

whey protein isolate

ISO Chill® 9000

whey protein isolate

- ◇ Chilled membrane processing
- ◇ Complete amino acid profile
- ◇ Superior quality
- ◇ Neutral flavor
- ◇ Fat-free

ISO Chill® 9000 whey protein isolate provides high quality protein source for product development, protein fortification, and functionality such as emulsification. The isolated protein is very low in fat and can qualify for use in fat-free formulations.

Superior, Micro-filtered Whey Protein Isolate
